

Town of Harmony Emergency Planning Survey

Over the passed months the Town of Harmony has been developing an emergency plan for major disasters. In most cases emergencies and minor disasters can be handled by the systems already in place with Rock County Public Works, Rock County Sheriff's Department, Janesville and Milton/Milton Township Fire & EMS. It is during the MAJOR disasters, such as a tornado, blizzard or train derailment that these systems could become overwhelmed. The town is looking for resources within the community and surrounding area that could be used in the event of a major disaster.

Please fill in your contact information and list any items or skills you have that could be useful in a major disaster next to the categories below. Hopefully we will never need to use them.

Name/ Company _____
Location/ mailing address _____
Phone Home _____ Cell _____ Work _____
Email _____

Heavy Equipment and/or Operators: CDL Licensed Driver, Dump Truck, Bulldozer, Backhoe, Crane, Fork Lift, Emergency Transport, Moving Assistance or Cherry Picker.
